Stylish integration of audio and design

The new Klip Xtreme **KWS-607** minispeaker not only works as a high fidelity, compact audio unit for listening to your favorite tunes, but also as a portable system for making or receiving calls: all done without the constraints of cables. Equipped with the Advanced Audio Distribution Profile (A2DP), the speaker works seamlessly with any *Bluetooth*-enabled device –such as your smartphone, tablet, iPad or notebook. Non-*Bluetooth* audio devices can also be easily connected via an auxiliary analog input for added functionality. Compact in size but huge in sound, you will impress your friends with the clear and crisp acoustics that this unique wireless speaker can deliver!

Features:

- 2.0 channel stereo speakers providing 10 watts of total power output
- NFC (Near Field Communications) technology: easily pairs your mobile device with the speaker and start streaming audio via Bluetooth® instantly
- Compact Bluetooth® speaker with a built-in microphone, answer and end controls for hands free conversations
- Wirelessly stream music from up to 10 meters away from the audio source
- An auxiliary input allows connection to any device equipped with a 3.5mm audio jack (for wired playback)
- The built-in rechargeable battery offers hours of playback time on a single charge.
- Multifunctional control button allows to toggle between play or pause, answer or hang up functions
